

JAY'S JOURNAL

THE LIES DON'T STOP

The blatant lies from the RINOs, liberals, and my opponent have not slowed down!

This month they said I wanted the death penalty for women who have had abortions. Not only is this a poorly contrived lie, but it's an emotional manipulation against you the voters! I have never called for, voted on, or sponsored any part of any legislation that would institute the death penalty for women who have had abortions! What a disgusting slander.

THE FIREFIGHTERS ARE IN FULL SUPPORT OF KILMARTIN!

I had the distinct honor of the endorsement of the Professional South Carolina Firefighters Association!

Remember, the first responders that the RINOs lied and said I tried to block their funding? They endorse, door knock, made signs, and even t-shirts! The truth always wins out! Thank you for your support and your service to all the members of the Professional Fire Fighters of South Carolina!

JAY KILMARTIN HAS BEEN ENDORSED BY PRESIDENT TRUMP!

I was deeply honored to be officially endorsed by President Donald Trump. It has been a humbling experience to see the number of endorsements that I have been given. I am officially endorsed by:

- Donald Trump
- Lexington Republican Party
- Stand For Health Freedom
- Veterans For America First
- Gun Owners of America
- The NRA
- Palmetto Gun Rights
- And Many More!

THANK YOU TO OUR VOLUNTEERS

I want to thank our amazing volunteers and donors. Our campaign is one of the few, true grass roots fueled campaigns in South Carolina, and none of our hard fought wins happen in the state house without your ongoing support!

Thank you to each and every one of you! Your time, your donations, and especially your prayers, are cherished gifts that we do not take for granted.

Thank you,
